

Application for Dunn Energy Cooperative Operation Round Up Committee

Operation Round Up® uses the power of cooperation to provide much needed grant dollars for community projects, 501©3 organizations and non-profit groups within the Dunn Energy Cooperative service territory. Meetings to award grants are held four times per year; typically, in the second week of January, April, July, and October.

Committee members receive an email prior to the meeting with a recap of all applicants, their history in receiving ORU funds, and a worksheet to help with determining recipients. During the meeting, it is expected that committee members will work with each other respectfully to come to decisions on all applications for the quarter. If a committee member is involved in any way with an applicant, they are expected to reveal that and abstain from voting.
